BALDWIN MAY OPPOSE KUHIO

REPORT THAT THE MAUI MAN
MAY RUN FOR DELEGATE TO
CONGRESS.

A rumor has come from Maui to the effect that that island will want to put H. P. Baldwin up for Delegate to Congress. The convention is to be held this year in Waikuku and it is said that there is considerable feeling on the island against Kuhio. Baldwin was formerly a member of the Senate and has long been a leader in island affairs. He is the heaviest owner of many Maui plantations, being president of many companies, and his influence is paramount in the affairs of the island.

There is considerable Republican opposition to Kuhio on various islands, but at the same time he has very strong support, especially of Hawaiians, and it is believed that they will turn out very active for him at the primaries.

MONADNOCK IS NEAR COMPLETION

MARKET-STREET OFFICE BUILD-
ING ALREADY HOUSES HALF A
HUNDRED FIRMS.

SAN FRANCISCO, July 15.—The Monadnock, Herbert E. Law's office building on Market street, opposite the Chronicle building, while unfinished at the time of the fire, had already housed the Santa Fe and other railroad headquarters, and since the disaster was one of the first of the downtown skyscrapers to accommodate a large number of its tenants. Between forty-five and fifty firms have opened their offices in the building, and fifty more firms are awaiting the first moment when the plasterers, carpenters and inside finishers will be sufficiently out of the way to enable them to move in. The entire building is rented and could be let twice over.

The Santa Fe hopes to be back in its ground-floor offices by August 15th, and the Colorado Midland, the Northern Pacific and the Oceanic Steamship companies will return about the same time. The freight offices of the Colorado Midland are already installed.

Above the third floor to the eighth a large number of firms, whose business made it imperative that they at once have down-town headquarters, have been admitted to the building. One or two firms have already moved into their completed quarters on the ninth and tenth stories.

Although the inside finishing of the building and the carrying on of office business at the same time occasions the tenants some present inconvenience, Manager Huntington states that he has the best-tempered lot of tenants in town. It will cause a good deal of extra trouble and considerable extra expense to complete the building while nearly half of it is being used, but Law believes that time is money now, and that the down-town business section cannot too soon get on its feet.

The new portion of the Monadnock between the present structure and the site of the burned Examiner building will be erected as speedily as possible. For its foundations the ground is being excavated to the depth of thirty feet.

WILL GIVE SITE FOR A CATHEDRAL

CROCKER HEIRS TO DONATE
BLOCK ON NOB HILL TO EPIS-
COPAL CHURCH.

SAN FRANCISCO, July 13.—In place of the palatial residences which once graced the brow of famous Nob Hill and elicited the admiration of every visitor to the Pacific coast, a magnificent cathedral is likely to rear its spires heavenward from the lofty elevation. The block upon which stood the residence of the late Charles Crocker and the home of the Will H. Crocker, which is bounded by California, Sacramento, Taylor and Jones streets is likely to be deeded to the Episcopal diocese of this city to be used as a site for its cathedral, diocesan house and divinity college.

"It is very appropriate," said Will Crocker yesterday, when asked whether the heirs to the Crocker estate intended to donate that property to the Episcopal diocese. "It is exactly in keeping with our sentiment of devotion that block to the building of a cathedral, in order to perpetuate the memories and associations so dear to all of us, which will forever cling to that locality. It has long been the intention of the members of our family to consecrate that block to such uses as you speak of, and most of those interested in the property have given their consent. Only two of the heirs have not done so yet, but there is no doubt that they will give their consent when asked. The property has not been deeded, nor has any paper been drawn up, but it will be done as soon as the people to whom the land is to be deeded are ready to build."

LUCAS THROWS UP THE SPONGE

DECIDES THAT HE WILL NOT BE
A CANDIDATE FOR BOARD OF
SUPERVISORS.

Supervisor Jack Lucas is not a candidate for re-nomination. He has positively announced his retirement from the band of political aspirants and his name will not go before the next Republican County convention as a candidate for a supervisory nomination. The announcement of the retirement of Lucas came as a big surprise, for it had up to that time, been supposed that Lucas would be one of the strongest candidates the party would nominate. It was certain that he wielded a great influence in party politics.

But business and the wishes of his family have caused Lucas to decide to retire from public life. "Yes," he said this morning "I am not a candidate for supervisor. I have come to the conclusion that I have no more time to give to public matters and that I will have to retire and attend to my private business. The position of supervisor requires a lot of time and I cannot devote any more of my efforts to filling the office. One gets nothing for it and is too often criticized and I am going to retire."

Sheriff Brown was surprised this morning when he heard of Lucas' withdrawal from the fight. "I am sorry to hear," said Sheriff Brown "that Lucas has decided to withdraw. He was a good man to work with and he was true blue."
